Admission

From the very first moment you arrive at Beechgrove, you will be received by our team of staff who pride themselves on their enthusiasm and genuine warmth with which they welcome visitors. They will endeavour to make your admission relaxed and informal. Both your friends and family are most welcome and may remain with you while you settle into your new surroundings.

A nurse will be allocated to look after your every need and - following a consultation with you and your relatives - will be responsible for your nursing care and treatment during your stay.

Nursing Care

At Beechgrove Care Home we provide twenty-four hour nursing care for our residents.

Our Head of Care is supported by professional qualified nurses, each of whom have a particular interest in Care of the Elderly and are experienced in caring for those with physical disabilities, those who are terminally ill, those with high dependency need and those who become infirm.

Nursing Care is delivered using a method known as key nursing: each resident is allocated a nurse who will soon become a familiar face and will answer any queries or anxieties that you or your family may have. Your key nurse will also be responsible for assessing your needs and preparing a care plan, as well as delivering and evaluating the care you receive.

Beechgrove also operate using teams of nursing and care staff, one of which will be appointed to care for you. The team will support you during your initial settling in period as well as ensuring the delivery of a more individualised and personal service.

Should you require the assistance of a nurse at any time of the day or night, there is a call system fitted throughout the building including your bedroom, so you will receive attention at the press of a button.

Alternatively, you may wish to attend your own church with family and friends.
